

NAUTICA

SHIPPING & LOGISTICS

It's been another busy but exciting month here at Nautica Shipping and Logistics. One of the highlights was our shipment to Guam. Guam is renowned as the most difficult logistics destination in the world and we nailed it without a hitch.

In other news, Nautica has just partnered with DHL air express, offering importers and exporters the opportunity to get amazing express service rates to and from all parts of the globe. We recently had a package arrive to our door from London within 72 hours. This is a huge win for us and look forward to you all benefiting from this fast, efficient service.

We are in full swing planning mode for Nautica's next meet 'n' greet event. Looks like we will be setting sail on Auckland's Viaduct Harbour. More details to come shortly.

Kindest Regards

Gerry Claudatos,
Managing Director,
Nautica Shipping and Logistics

HAPPY CUSTOMERS

"Gerry has proven unparalleled attention to detail and incredible service in the short time we have been doing business. Managing the transport and clearance of high value products seamlessly across a global network of suppliers. I'm very impressed with Nautica and I'm sure it will go incredibly well for you. Well done mate." **E von Dadelzen**

"Nautica Shipping goes above and beyond to assist with every aspect of importing goods. They have taken care of all of our shipping needs and on every occasion they have spoken directly with our manufacturers to ensure our goods reach us. Nautica Shipping customer service is outstanding! We can't thank-you enough for all your help on our projects, you have truly been invaluable." **A Scheres – White Fox and Co**

NAUTICA NEWS

IMPORT ALERT: STINK BUG ISSUES EX ITALY

The USA Stink Bug issue has now found its way to Italy almost all of our container shipments from Italy are subject to a mandatory MPI (Ministry for Primary Industries) Supervised Unpack and potential fumigation. MPI released the below notice regarding this:

As you will most likely be aware MPI is targeting containers from high risk ports ex USA for brown Marmorated Stinkbug (BMSB). This notification is to update you on the alert that has also been placed on all LCL shipments and FCL containers from the Port of Genoa Italy.

This is effectively immediately. Please inform the relevant people in your organisation/company of this information.

Your BACC direction for these containers will have similar wording to USA containers:

Targeted inspection required for FCLs and FAK's from Genoa, Italy that are high risk for BMSB. Container(s) to be unpacked under direct supervision of an MPI Inspector by an AP. Container is not to be opened until the MPI Border Clearance Inspector is present. To arrange inspection, call your local MPI office.

Thank you for your vigilance and understanding, this pest is highly unwanted in NZ mpi.govt.nz/protection-and-response/responding/alerts/brown-marmorated-stink-bug/

This process will unfortunately mean extra costs and possible delay of cargo availability. Any container that is inspected by MPI will incur a **NZ\$6.00 per cbm MPI fee**. Should MPI determine the full container requires fumigation this will be billed pro rata across the whole container. However, if a specific line of freight is selected for fumigation then those costs will be paid by the individual importer. MPI are targeting specific commodities, so we expect most fumigations to be on an individual basis.

Should you need any further clarification, please feel free to contact us.

NAUTICA NETWORKS

INTRODUCING WHITE FOX AND CO

White Fox & Co is a New Zealand based online store offering carefully handpicked products from around the world. They are super passionate about finding the best brands and products for your little ones and for your home. Having serviced some high profile clientele and a number of appearances in some of New Zealand's leading interior magazines you are in expert hands.

Nautica Shipping & Logistics has been managing the freight for White Fox & Co for the last 3 years. As both business's grow so does our relationship.

We invite you to view White Fox & Co's latest collection by clicking here.
